

Village of Saukville

Fall-Winter Newsletter 2013-14

A Letter from the Village President:

Dear Friends,

After what seemed to be a very short summer weather-wise, we find ourselves in the midst of serious school shopping and school starting. It never ceases to amaze me how the time flies ... especially the warm and sunny time! Saukville is certainly blessed with terrific staff and volunteers who made sure our summertime was filled with super events and lots of family fun.

Sundays have provided us with great produce and other goodies at our weekly Farmers Markets. They will continue through October so please be sure to support these fine local growers so they will be able to come back again next year.

In addition, the Village provided its residents with six (actually five) "Live at the Triangle" events offering free music in Veterans Park. The music that was provided was varied in genre. Local organizations and businesses gave us good eats and refreshing drinks and I believe a wonderful time was had by all. The only exception to that fact was the first "Live" event that gave new meaning to the words "rained out"! Thank you to everyone who either donated or participated in making these free music events as successful as they were.

Saukville's celebration of the 4th of July provided excellent entertainment for all in attendance. Our parade lasted a whole hour and offered a variety of fun things to watch and lots of candy for the kids (no matter what age they were). We then moved to Grady Park for fun and food. Later Peninsula Park held more fun and food and the day ended with wonderful fireworks once again provided by Bartolotta Fireworks Company. My sincere thanks to everyone who donated to or worked on Saukville's 4th of July events. They wouldn't happen without you.

Saukville once again played host to National Night Out which was celebrated this year on Tuesday night, August 13th. This event is always very well attended and enjoyed. Police, Fire and Rescue units from our area all came here to show us how they do their work and how our children and grandchildren can interact with them comfortably. There were bouncy rides and a climbing wall. The grand finale of the evening was the landing and viewing of the Flight for Life helicopter. Free music, food and drinks were provided to all in attendance during the evening. Once again, my sincere thanks to Emily Neese and her team for making this annual event one we just can't miss!

Speaking of thank-yous, I'd like to extend a sincere thank you to each and every member of our Village Board, Management team, and support staff for another year of excellent service. Please know that your time, talent and energy are all noticed and appreciated!

On to our financial information: The Village Board will soon be starting the 2014 Budget process. Our staff is working through their ideas and thoughts on how to continue to provide residents and businesses with the same services as we have in the past ... keeping all costs down while doing so. The next step then is our Village Board touring the Village infrastructure and learning what proposed costs, possible upgrades and maintenance items mean.

The Budget will be drafted within State imposed levy limits and will qualify for Expenditure Restraint funds. We then move to number crunching time which involves several Budget Workshops in October. Please know these are open meetings and you are always invited to attend. Specific information as to times and dates will be made available on the Village's website.

Regarding growth in Saukville; we look forward to ground breaking for our new Camping World which will be located in the northeast corner of the intersection of I-43 and HWY 33. This company is extremely "local" oriented and will provide us with a very complementary business for the area.

We welcome the following new businesses to Saukville: Integrated Medicine Clinic on South Main Street; Toyo Jidoki America Corporation on Dekora Woods Boulevard; Mr. Mover on Progress Drive; Custom Color & Filling LLC on Progress Drive and Broadband Solutions on Progress Drive. It seems the slowdown in the economy might be lifting!

There has also been growth in existing businesses in Saukville: Jeneil Biotech on Dekora Woods Boulevard; FPZ on Progress Drive; Standard Machine on Progress Drive and Charter Steel on Cold Springs Road. It is exciting to note that these local businesses think enough of Saukville to stay and grow here. We are grateful for these additional investments in our community.

May I suggest that you stop in at the Saukville Village-wide Rummage Sale on Saturday, September 7th; the Saukville Fire Department/Pleasant Valley Auto Car Show on Sunday, September 8th; the very important 9/11 Ceremony on the evening of September 11th and please participate in the Saukville Chamber of Commerce Saukville Scare 5K Run/Walk to be held on Saturday, October 26th. All of these events help make Saukville a well-rounded wonderful place to live!

Please know if you have any ideas or concerns regarding Village government; please don't hesitate to contact me at bdickmann@village.saukville.wi.us

In service,

Barb

HOW DO I DISPOSE OF...??

How often have you cleaned out the basement or garage and found yourself looking at items you didn't know what to do with? Old tires, a broken lawnmower, car parts, auto batteries, waste oil, clothes, to name a few? The local waste hauler will not accept many of these items. Don't despair; there are inexpensive and locally available means to get rid of this stuff without much hassle.

- Tires - local automotive service centers. Most will charge a nominal fee.
- Vehicles and auto parts (lead acid batteries, sheet metal, motors, transmissions, etc.) - local scrap dealers. Some may pay for the item(s).
- White Goods or other "recyclables" – local scrap dealers such as Port Recycling, 782 Schmitz Dr., Port Washington – 262-284-4060.
- Waste Oil - County Highway Dept. drop-off site at 410 Spring Street in Port Washington. Some of the local automotive service centers will also take it. **OIL CANNOT BE CONTAMINATED WITH ANTI-FREEZE, SOLVENTS, OR OTHER VOLATILE FLUIDS.**
- Furniture, bedding - if it is clean and in good shape, resale St. Vincent de Paul or Goodwill shops may accept the items. Otherwise, arrange for a special pickup with Advanced Disposal or haul to their site in West Bend.
- Household Hazardous Waste – kitchen and bathroom, garage and workshop, home and garden products – take to the Ozaukee Co. Hazardous Waste Collection Site at 1275 Mineral Springs Dr., Port Washington. This site is open on Mondays only. Call 262-243-8998 for more information.
- Untreated, clean lumber - cut up and place in cart or burn in fire place or wood stove. Remove nails or hardware.
- Treated lumber, railroad ties, and lumber containing creosote - call waste hauler such as Advanced Disposal to arrange for dumpster or pickup.
- Clothing and other apparel - Check with local churches or charities that accept donation, or take to St. Vincent de Paul or Goodwill.
- Rechargeable tool and cell phone batteries (Ni-CaD, Nickel Metal Hydride) - Saukville Police Dept. at 262-284-0444.

Remember... Dumping oil, anti-freeze, solvents, cleaners, paint, fuel, and other solids or liquids in storm sewers is ILLEGAL and can lead to substantial fines and jail time.

ADULT/TEEN PROGRAMS:

READING ANIMALS BOOK CLUB

This new club is for bookworms in 5th-8th grades! We will be reading a different book each month, chatting about the best and worst parts and doing fun activities. The club will be meeting on the second Thursday of each month from 6:00-7:00, beginning on September 12th. Our first book is *The Phantom Tollbooth* and copies are available for checkout at the circulation desk. Please register for this club at the library or by phone (262) 284-6022.

NEW! RECIPE CLUB

Calling all cookbook lovers & food enthusiasts: The library's new recipe club is looking for members! Gourmet chef skills are not required- it's a great way to learn from others while testing out fun new recipes. This club will be meeting on the first Tuesday of each month from 6:00-7:00 p.m., with the first meeting on October 1st. Our topic for October is appetizers! Bring samples of your favorite appetizer and a copy of the recipe to share with the group. Registration is required for participation and those who sign up early will receive a FREE recipe carrier to house your acquired library recipes!

ANNUAL SENIOR LUNCHEON

All seniors are invited to attend our annual free luncheon at the library, sponsored in part by the Friends of the Oscar Grady Public Library on Friday, November 8th at 12:30 p.m. We will be discussing several of this fall's new and exciting books as well as upcoming library events that you won't want to miss, with plenty of time to socialize. Let us know you're coming! Registration for this event will be available at the circulation desk.

MAKE & TAKE ADULT HOLIDAY CRAFT

Just in time for the holiday season, decorate your own personalized gift box for the next time you give the gift of wine! There will be two sessions for this free craft on Thursday, November 21st at 3:00 and 6:00 p.m. Register early for the session of your choice, as space is limited. All materials will be provided.

WINTER READING CHALLENGE

Beat the winter blues by participating in our very first adult winter reading challenge! Registration will begin in 2014 and the reading challenge, contests and special events will run through the early months of the year. More information coming soon!

CURBSIDE CHIPPING - Every Monday through Oct. 28th

- 3 inch diameter maximum branches.
- Pick-up starts at 6:30 a.m. on Mondays. The crew will make only one pass per side of the street per chipping event.
- Limit of 20 minutes per address (duplexes considered a single address) after which a \$25 fee will be charged to the property owner for each additional 20 minutes at the owner's request.

YARD WASTE/COMPOST DISPOSAL SITE OPEN SATURDAYS ONLY - 9 A.M. TO 3 P.M. THROUGH NOVEMBER 16th

- Includes garden waste, leaves, lawn rakings and small tree or bush stumps. Bring to the Compost Disposal Site at the Public Works Garage.
- VILLAGE RESIDENTS ONLY.
- NO BRANCHES/BRUSH drop-off at the compost site.

LEAF COLLECTION

- Curbside leaf collection runs **October 1st through November 29th**. No guaranteed or scheduled pick-up.
- Leaf piles must be curbside with **no brush or plant materials**.
- Keep vehicles off leaf piles or leaves will not be collected.
- Keep piles a manageable height for the vacuum truck to manage.

SNOWPLOW SAFETY

Treat the snowplow crews with courtesy and caution! Keeping clear of their operations allows them to do their job quickly and efficiently.

- Do not park on the street if you see a plow approaching.
- Don't pull out in front of a plow at the last second.
- Keep at least 300 feet of distance from the rear of a plow as it may stop or back up without warning.

SNOW AND ICE REMOVAL

Please refer to attached flyer (next page) for complete snow removal information.

CHRISTMAS TREE CHIPPING

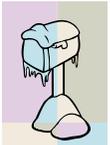

Christmas trees will be chipped curbside by the Public Works Department on **Mondays, January 12th and January 19th**. The following rules apply: Remove all decorations, wire, tinsel, hardware, lights, and stands from tree - no cloth, paper, or plastic cover bags. Place trees curbside no sooner than 24 hours prior to the day of chipping and no later than 7:00 a.m. that day. Do not bury the trees in snow. The chipper will make only one pass per street side per chipping event. Disposal of trees prior to or after the scheduled dates will be the homeowner's responsibility. *Do not put trees out for regular trash pick-up. They will not be picked-up.*

KUDOS TO THE DPW CREW! This is the 12th year running that the DPW will provide a "Snowplow Ride to School" for one "winner and a friend" of the Saukville Elementary School Fall Festival Raffle.

MAILBOX ACCESSIBILITY

Homeowners are responsible for keeping their street mailbox drive-up accessible for U.S. Mail vehicles. Please be sure to clear snow from the curb area around your mailbox after a snowfall so that mail vehicles can access your mailbox.

Village plow crews do their best to avoid damaging mailboxes, but it still happens on occasion. It is not the Village's policy to repair damaged mailboxes. Experience has shown that most mailbox damage occurs when the mailbox projects too far into the street or the posts are rotten or weak. Keeping the furthest projection of the mailbox at least two (3) inches behind the back of the concrete curb is recommended. For more information, contact the DPW office at 262-284-0545.

Emergency Management - Winter Preparedness

Are you prepared? Now is the time to review your winter preparedness - before the snow flies...

- Check the contents of your emergency kits, for home and vehicles; replace items that were used or are outdated;
- Check vehicles to ensure they are ready for the abuse winter weather will bring.
- Have your furnace inspected. When was the last time you had the fireplace chimney checked and cleaned?
- Do you have a carbon monoxide detector? When did you last replace the batteries in it or in your smoke detectors?

Review your family emergency plan. Is it up to date; are the contact numbers current; do you have them programmed in all your phones? When was the last time you sat down and reviewed your plan with family members?

Plan your travels and check the latest weather reports to avoid storms. Keep your gas tank near full to avoid ice in the tank and fuel lines. Carry a winter storm survival kit in your vehicle that includes:

- * Blankets or sleeping bags
- * Flashlight with extra batteries
- * First-Aid Kit
- * Shovel, tools, booster cables, and windshield scraper
- * High-calorie non-perishable food & something to drink
- * Sand or cat litter to use for traction

Additional winter safety tips can also be found at: www.weather.gov & http://readywisconsin.wi.gov/winter/winter_weather_facts.asp

For info on receiving weather alerts on your cell phone go to: <http://readywisconsin.wi.gov/cell/Cell%20Phone%20Q%20and%20A.pdf>

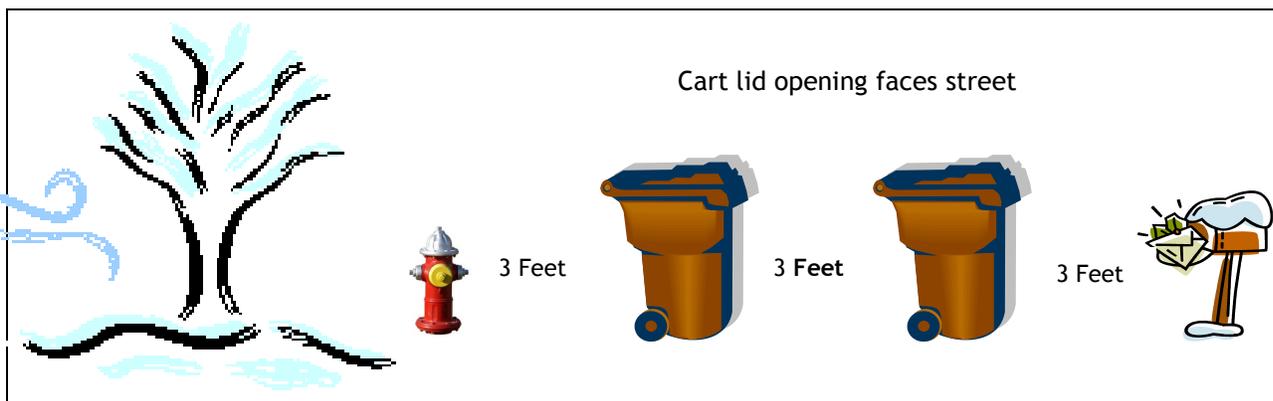

AS THE SNOW FALLS...

The Village of Saukville Public Works Department reminds all Village property owners that resident cooperation is essential to the success of winter snow removal operations.

Residents can help in the following areas:

- **Trash/Recycling Cart Placement:** Cart must be placed with lid opening toward the street at the back of curb or shoulder, with a minimum of 3 feet between cart(s) or other obstructions.
- **Utilize your driveway or clear an area along the side of your driveway to safely place your recycling and refuse container.** Maintaining proper clearances as shown below will make it safer and easier for collection personnel and automated equipment to efficiently empty your containers.

- **Do not shovel or blow snow into the street.** This creates a hazardous condition for motorists and may require return trips by the snowplow to clear the street. In addition, State Statutes and Village Ordinances prohibit this action and doing so may result in a fine.
- **Shovel snow to the right hand side of your driveway as you face the street.** This helps to reduce the amount of snow pushed into your driveway by snowplows clearing snow from the street.
- **Move parked vehicles off of the streets prior to snowfall events.** Parked cars are a hindrance to snow removal operations, requiring more time and costly return trips to effectively clear the streets. Residents are asked to move their vehicles off the street whenever snow accumulations are forecasted.
- **Remove sidewalk snow to the front yard instead of the area between the sidewalk and the curb.** This provides more snow storage capacity between the sidewalk and the curb for snow removed from the street.
- **Check the condition of your mailbox and post.** In most cases, a strong post and secure mailbox will withstand the impact of snow coming off of the snowplow.
- **Shovel snow from around your fire hydrant.** Please clear snow away from fire hydrants located near your property. This effort helps the Fire Department and the Water Utility to manage the water supply system and to quickly respond to emergencies.

Thank you for your assistance in the success of our winter snow removal operations.

FIRE HYDRANT FLUSHING

The Saukville Water Department will be flushing hydrants throughout the Village between 8:30 a.m. and 2:30 p.m. **October 14th through October 17th & October 21st through 24th.** There may be some discoloration in your water during this process. This is iron and is not harmful. We recommend that you do not do laundry if your water is discolored. If you forget and your clothes have a reddish appearance, **DO NOT DRY THE CLOTHES**; rather rewash in cold water to remove the discoloration. Running the tap for a short period of time will clear the lines after the flushing is complete.

WATER BILLS AND WATER LEAKS IN HOMES

Your water bills are determined by Saukville Water Utility staff reading your water meter. When your water bill becomes higher than normal, there is usually a leak in your home. 95% of all leaks are toilets and most times you cannot hear the leak. We recommend that you check your toilets every 6 months to make sure they are not leaking. Place a drop of natural food coloring in the tank - do not flush. Check it in 20 minutes. If color appears in the bowl, it is leaking water. The toilet most likely leaking is the toilet rarely used. This is also a good time to operate all of your valves in your home and to start reading your meter weekly to make sure you have no leaks and that you are only billed for the water you use.

Cross CONNECTION Inspections Continue

The Cross Connection Inspection Program is continuing throughout the Village. A Cross Connection is a direct or potential connection between any part of the public water supply system and a source of contamination or pollution. The most common form of cross connection is a garden hose, which is easily connected to the public water supply system and can be used to apply a variety of potentially dangerous substances, including chemicals and fertilizer. Other common cross connections include dishwashers, toilets, pressure washers, boilers, pools, and lawn sprinkler systems.

In order to reduce overall costs for compliance with DNR Regulation NR810.15, the Village of Saukville Water Utility has contracted with Hydro Designs, Inc. (HDI) of New Berlin, Wisconsin to assist in managing our Cross Connection Control program.

HDI is sending notices to and will begin initial inspections of residential, commercial, and industrial buildings throughout the Village to detect actual and potential cross connections and make recommendations for the installation of backflow prevention devices or assemblies where necessary. There is no fee for the inspection, however, all costs associated with the replacement, modification, installation and/or testing of backflow prevention assemblies is the obligation of the property owner. Inspections takes less than 45 minutes on average for a business and less than 20 minutes for a home. This will help ensure that contaminated or polluted water cannot backflow into clean drinking water. You can find more info at <http://hydrodesignsinc.com>.

ADOPT A FIRE HYDRANT

Fire hydrants are often overlooked as requiring clearing of snow and ice. Hydrants protect YOUR property. Keeping them accessible will result in saving precious time crucial to firefighters responding to an incident in your neighborhood. After extreme amounts of snow, the Utility crews will clear the hydrants as time allows, but you can help also by clearing a hydrant near your home when you clear your driveway and sidewalk after a storm.

UTILITY BILLING PAYMENT OPTION

The Village offers a credit card payment option for payment of utility bills. You can pay in person at Village Hall to utilize this service or use a secure link through the Village website (there is a charge for the website service). Also available is **automatic withdrawal** from your checking or savings account. Your quarterly payment can be deducted automatically from your selected account on the 25th of the billing month. Go to www.village.saukville.wi.us to download the form to sign up for automatic payment. Avoid the hassle of writing checks and worrying about late fees by signing up for auto pay today!

SUMP PUMPS

Remember to check your sump pump and make sure it is hooked up correctly to the discharge lateral and **not** to the sanitary sewer system. Per Village Ordinance, it is illegal to hook-up or discharge storm or clear water into the Village's sanitary sewer lines. Since all discharges to the sanitary sewer end up at the treatment plant, this creates additional problems to properly process the wastewater for eventual discharge to the river.

MEDICATIONS

Please do not discard old medications by flushing them down the toilet or throwing them in the trash. Save them in their original containers in a safe place. Drop them in the Med-Return Collection box located in the lobby of the Village of Saukville Police Department, Monday through Friday during normal business hours, for proper disposal.

COLD WEATHER TIPS - PROTECT YOUR PLUMBING!

All it takes to freeze your pipes is a cold snap that drops the outside temperature below 20 degrees. When water freezes inside a pipe, it creates a blockage that causes pressure to rise. The pressure builds up and the pipe blows. Play it safe and follow some simple tips for keeping water pipes in your home warm and cozy:

- Wrap pipes with foam or fiberglass insulation.
- Seal openings in exterior walls where cold air can get to unprotected pipes.
- Disconnect garden hoses and place insulated covers over outdoor faucets. Better yet, install inside shut-off valves for outdoor faucets and drain water from pipes.
- Leave cabinet doors open to let warmer room air get to the pipes under kitchen and bath sinks.
