

Village of Saukville

Fall-Winter Newsletter 2015-16

A LETTER FROM THE VILLAGE PRESIDENT:

Dear Friends,

Interestingly, last year, I began my newsletter by saying, "It's hard to imagine that the schools are open and in session since summer didn't really begin until July!" We think each year is different, but in many respects, they are very similar. Summer continues to feel so short compared to the cool and cold weather coming up.

Every other Wednesday night this summer, Saukville was host to "Live at the Triangle", our free concert series. Music offered is a mix between new bands and returning musicians. If you have not joined us in the past, it is our intention to offer this free concert series again next year as it continues to be a wonderful free family entertainment venue.

In addition, I hope you are enjoying the Saukville Sunday Farmers' Market where we can purchase fresh produce and goodies right here at home from local vendors.

The Village's July 4th celebration was second to none. The weather was very cooperative; the date was on a weekend. Lots of people attended our well-known parade, food and entertainment at Grady Park, and festivities at Peninsula Park. The day ended with awesome fireworks. My sincere thanks to the July 4th Committee, everyone who donated time and resources to the day, and our wonderful sponsors without whom none of this celebration would be possible.

National Night Out continues to grow. What an exciting way for young and old alike to visit with law enforcement, fire department, and emergency management personnel. These folks are remarkable people who give of themselves unselfishly and it is great that we, here in Saukville, are the community that hosts this annual event. My sincere thanks to all who made it possible!!

Saukville is experiencing excellent business growth this year. We are now home to our very own Kwik Trip. It never ceases to amaze me how, "if you build it, they will come." That is certainly the case in point! In July, Kwik Trip hosted a wonderful Grand Opening and Ribbon Cutting Ceremony where four generations of owners were in attendance. They spoke of their mission and service to guests and community. Judging from the number of cars in the parking lot, Kwik Trip will be very successful in Saukville. Welcome!!

O'Reilly Auto Parts will open a local store across from Schmit Bros. on HWY 33 later this fall. This business brings an investment of \$2 million to Saukville ... as well as seven new jobs. Welcome!!

Our Business Park will be home to Engineered Exhaust Systems, building and moving here from New Berlin. This fine company is constructing a 62,500 sq. ft. facility with growth potential of another 50,000 sq. ft. in the future. They bring 25-30 new jobs to our community.

Saukville's Village Board will be touring the infrastructure of the Village later in September in an effort to see first-hand the items that need to be included in our 2016 Budget. Please know our Village Board is at its best when it comes to identifying needs vs. wants and prioritizing the items brought before it. We work closely with our great management team who offer us their recommendations which are based on their first-hand experience and staff input. My sincere thanks to everyone involved because, without each of you, our "lean and mean" Budget would never happen.

I would like to take a moment to recognize the passing of long-time Plan Commissioner, Don Brock. Don always had the Village's best interest at heart ... his questions and comments always on task. It has been a real honor to serve with Don over these past years and he and his fine insights will be sorely missed.

A special event this year is the celebration of **Saukville's 100th Birthday** on **Saturday, October 17th, from 2:30 pm. to 5:30 p.m.** We will be having an interesting speaker, exhibits, kids' activities, and cake at the Oscar Grady Library. This event is open to the public and we are hoping for an awesome crowd. Please join us for this wonderful historical celebration.

The morning of October 31st is this year's annual Saukville Scare 5K Run/Walk. This event continues to grow and is always great fun. Our Chamber works hard to make it happen and we are grateful for their involvement.

Please enjoy our beautiful and colorful fall as well as the serenity of winter with all of its wonderful celebrations.

In service,

Barb

BUSINESS GROWTH & OUTREACH 2015

Saukville Map of Available Commercial Land or Spaces:

The Village of Saukville, in partnership with Ozaukee County UW-Extension, produced a map of the Commercial Hwy 43/ Hwy 33 Commercial Intersection, *the Crossroads of Saukville*. The map identifies the available commercial sites and vacant spaces, listing parcel sizes, tax parcel numbers, zoning districts, and contact resources. The map will be used as a resource to attract new commercial business to the area adjacent to the new commercial growth of KWIK Trip, Camping World, O'Reilly's, and other new small businesses. This map gives existing businesses the opportunity to identify areas for their expansions as well.

New Businesses or Expansions in the Business Park:

The Dekora Woods Business Park continues to see healthy growth of the existing businesses.

The Community Development Authority has approved new buildings or expansions for:

Carroll Converting	Protanic, Inc.
PD Peterka	Real Time Racing
Injectec, Inc.	Engineered Exhaust Systems, relocating from New Berlin WI

Land Available in the Business Park, Dekora Woods Blvd.:

SOLD - 13 acres to Calibre, for expansion..

SOLD - 9 acres to Engineered Exhaust Systems, starting a new 62,500 SF Building this Fall.

AVAILABLE - 3.7 ACRES on Dekora Woods Blvd.

Other New Businesses:

Rally Time Sports Bar - 289 W. Dekora St. (formerly Why Be Dry)

Grant Kertscher Commercial Office Building - 225 Ulao St.

Village of Saukville Business Development Loan Program:

The Village continues to partner with Port Washington State Bank to offer a loan program for business development and revitalization. Loan proceeds can be utilized to fund a wide variety of commercial projects ranging from tenant build-outs to renovations, expansions or real estate purchases for the business. To date the Loan Program has provided over \$300,000 in low interest loans to area businesses for expansion, interior updates, safety equipment, or and real estate purchases.

DIGITAL MEDIA LAB

The library's Digital Media Lab provides all of the equipment and training necessary to view and digitally preserve photographs, slides, and film. It is a high-functioning digital space and work room equipped with the necessary digital mechanics to process aging photographic formats such as 35-mm photographic negatives, transparency slides, aging photographs, Super-8 mm Film, hand-held camcorder home videos (VHS-C), and it can up-convert home VHS & DVD formats HD digital USB files. Contact the library for more information, to set up a time to be trained on the equipment, and to use the lab.

KIDS PROGRAMS:

MORNING STORY-TIME –

Tuesdays starting Sept. 29th - 10:30 a.m.

Children and their caregivers are invited to come and enjoy a weekly story-time filled with rhymes, songs, dancing and, of course, stories especially designed for children ages 2-4 years old.

EVENING STORY-TIME

Wednesdays starting Sept. 30th - 6:30 p.m.

Families are invited to join us for stories and songs before heading to bed! Children can come dressed in their pajamas and bring their favorite stuffed animal or blankie.

Story-times are free to attend, though registration is required. Registration for both sessions starts September 14th and can be done in person or over the phone during library hours.

LIBRARY LEGO LAB

2nd Wed. of the month, October through August - 3:30 - 4:30 p.m.

Does your child love to build with Legos? If so, the Library Lego Lab is a chance to join other Lego fans and see what they can dream up! We'll provide all the Legos; kids bring their imagination. This is an open format club so stop in any time during the program, just make sure to give yourself enough time to finish your project. The Library Lego Lab is open to children ages seven to twelve and registration is not required.

ANNUAL HALLOWEEN PARTY

**Friday, October 30th - Doors Open at 6:00 p.m.
Program starts at 6:15 p.m.**

Put on your favorite costume and join us for some "spooktacular" Halloween fun! The Science Alliance returns to the library to present ZAP!, a fun-filled interactive show designed to demonstrate the power and magic of electricity through amazing effects. Audience participation is a big part of the show, so get ready to get charged up! Treats will be provided afterwards.

1,000 BOOKS BEFORE KINDERGARTEN

This free and ongoing early literacy program encourages families and caregivers to read 1,000 books aloud with their young children before they enter Kindergarten. Any child from birth until he/she starts kindergarten is eligible to register. Reading together helps your child develop important pre-reading skills that provide a solid reading foundation – a key to scholastic and learning success. Stop by the Children's Dept. today to sign your child up!

EREADING ROOM FOR KIDS AND TEENS

We are happy to announce a solution for the Wisconsin Digital Library that will provide kids with a destination where they can search for juvenile and young adult titles. The [eReading Room for Kids and Teens](#) takes you to a collection of materials exclusively for younger readers. You can browse by subject, collection, or reading level!

SANTA CLAUS IS COMING... TO THE LIBRARY

Wednesday, December 2nd at 6:30 p.m.

Get into the holiday spirit and join us in singing some Christmas carols and completing a craft project! Though he is very busy this time of year, Santa will be dropping in to visit on his way back to the North Pole, so don't forget your wish list and camera!

ADULT/TEEN PROGRAMS:

Adult Book Club

Join us one Tuesday each month for a discussion on selected fiction and non-fiction titles! Our book club always welcomes new members and books are available each month for checkout at the circulation desk. If you can't make it to the library on Tuesday evenings, we also have an online book club designed to keep you up to date on past and future book choices and dates for our adult book discussions. Sign up at the circulation desk to receive an email invite to this group.

Recipe Club

Calling all cookbook lovers and food enthusiasts! Gourmet chef skills are not required. The club is a great way to learn from others while testing out fun new recipes. The club meets on the first Tuesday of each month from 6:00-7:00 p.m. Bring a sample of something that goes with the month's theme and a copy of the recipe to share with the group. Register at the circulation desk or by phone (262) 284-6022. More information is available at the library and on our website.

Teen Card Club

Card fanatics - drop by the library any Saturday 11:00 a.m.-1:45 p.m.! Gaming skills are not required. Show off your gaming skills or learn from others. Meetings take place in the community room; cards are provided for beginners. Attend every weekend, or as often as you like.

Remember to check out the library website, or stop in at the library for more information on all the new and upcoming seasonal events!

CURBSIDE CHIPPING - Every Monday through Nov. 2nd

- 3 inch diameter maximum branches.
- Pick-up starts at 6:30 a.m. on Mondays. The crew will make only one pass per side of the street per chipping event.
- Limit of 20 minutes per address (duplexes considered a single address) after which a \$25 fee will be charged to the property owner for each additional 20 minutes at the owner's request.

YARD WASTE/COMPOST DISPOSAL SITE OPEN SATURDAYS ONLY - 9 A.M. TO 3 P.M. THROUGH NOVEMBER 14TH

- Includes garden waste, leaves, lawn rakings and small tree or bush stumps. Bring to the Compost Disposal Site at the Public Works Garage.
- VILLAGE RESIDENTS ONLY.
- NO BRANCHES/BRUSH drop-off at the compost site.

LEAF COLLECTION

- Curbside leaf collection runs **October 1st through November 30th** weather permitting. No guaranteed or scheduled pick-up.
- Leaf piles must be curbside with **no brush or plant materials**.
- Keep vehicles off leaf piles or leaves will not be collected.
- Keep piles a manageable height for the vacuum truck to manage.

SNOWPLOW SAFETY

Treat the snowplow crews with courtesy and caution! Keeping clear of their operations allows them to do their job quickly and efficiently.

- Do not park on the street if you see a plow approaching.
- Don't pull out in front of a plow at the last second.
- Keep at least 300 feet of distance from the rear of a plow as it may stop or back up without warning.

SNOW AND ICE REMOVAL

Please refer to attached flyer (next page) for complete snow removal information.

CHRISTMAS TREE CHIPPING

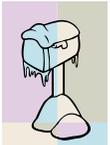

Christmas trees will be chipped curbside by the Public Works Department on **Mondays, January 11th and January 18th**. The following rules apply: Remove all decorations, wire, tinsel, hardware, lights, and stands from tree - no cloth, paper, or plastic cover bags. Place trees curbside no sooner than 24 hours prior to the day of chipping and no later than 7:00 a.m. that day. Do not bury the trees in snow. The chipper will make only one pass per street side per chipping event. Disposal of trees prior to or after the scheduled dates will be the homeowner's responsibility. *Do not put trees out for regular trash pick-up. They will not be picked-up.*

KUDOS TO THE DPW CREW! This is the 14th year running that the DPW will provide a "Snowplow Ride to School" for one "winner and a friend" of the Saukville Elementary School Fall Festival Raffle.

MAILBOX WINTER READINESS

Village plow crews do their best to avoid damaging mailboxes, but it still happens on occasion. It is not the Village's policy to repair damaged mailboxes. In most cases, a strong post and secure mailbox will withstand the impact of snow coming off of the snowplow. Experience has shown that most mailbox damage occurs when the mailbox projects too far into the street or the posts are rotten or weak. Keeping the furthest projection of the mailbox at least two (2) inches behind the back of the concrete curb is recommended. Wood and metal pipe are the only allowable post materials. Brick or concrete posts are **not** allowed for motorists and cyclists safety reasons.

For more information, contact the DPW office at 262-284-0545.

Emergency Management - Winter Preparedness

Are you prepared? Now is the time to review your winter preparedness - before the snow flies...

- Check the contents of your emergency kits, for home and vehicles; replace items that were used or are outdated;
- Check vehicles to ensure they are ready for the abuse winter weather will bring.
- Have your furnace inspected. When was the last time you had the fireplace chimney checked and cleaned?
- Do you have a carbon monoxide detector? When did you last replace the batteries in it or in your smoke detectors?

Review your family emergency plan. Is it up to date; are the contact numbers current; do you have them programmed in all your phones? When was the last time you sat down and reviewed your plan with family members?

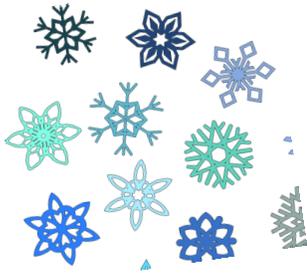

Plan your travels and check the latest weather reports to avoid storms. Keep your gas tank near full to avoid ice in the tank and fuel lines. Carry a winter storm survival kit in your vehicle that includes:

- * Blankets or sleeping bags
- * Flashlight with extra batteries
- * First-Aid Kit
- * Shovel, tools, booster cables, and windshield scraper
- * High-calorie non-perishable food & something to drink
- * Sand or cat litter to use for traction

Additional winter safety tips can also be found at: www.weather.gov & http://readywisconsin.wi.gov/winter/winter_weather_facts.asp

For info on receiving weather alerts on your cell phone go to: <http://readywisconsin.wi.gov/cell/Cell%20Phone%20Q%20and%20A.pdf>

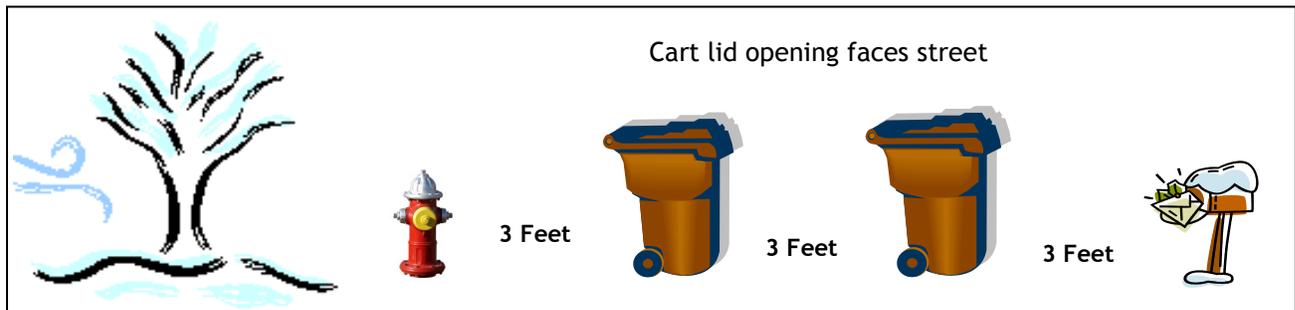

AS THE SNOW FALLS...

The **Village of Saukville Public Works Department** reminds all Village property owners that resident cooperation is essential to the success of winter snow removal operations.

Residents can help in the following areas:

- **Trash/Recycling Cart Placement:** Cart must be placed with lid opening facing the street and at the back of curb line or street shoulder, with a minimum of 3 feet between cart(s) or other obstructions. Do not place carts beyond the curb line into the street area.

- **Utilize your driveway or clear an area along the side of your driveway to safely place your recycling and refuse container.** Maintaining proper clearances as shown below will make it safer and easier for collection personnel and automated equipment to efficiently empty your containers.
- **Do not shovel or blow snow into the street.** This creates a hazardous condition for motorists and may require return trips by the snowplow to clear the street. In addition, State Statutes and Village Ordinances prohibit this action and doing so may result in a fine.
- **Shovel snow to the right-hand side of your driveway as you face the street.** This helps to reduce the amount of snow pushed into your driveway by snowplows clearing snow from the street.
- **Move parked vehicles off of the streets prior to snowfall events.** Parked cars are a hindrance to snow removal operations, requiring more time and costly return trips to effectively clear the streets. Residents are asked to move their vehicles off the street whenever snow accumulations are forecasted.
- **Remove sidewalk snow to the front yard instead of the area between the sidewalk and the curb.** This provides more snow storage capacity between the sidewalk and the curb for snow removed from the street.
- **Keep your mailbox drive-up area accessible for U.S. Mail vehicles.** Please be sure to clear snow from the curb area around your mailbox after a snowfall so that mail vehicles can access your mailbox.
- **Shovel snow from around your fire hydrant.** Please clear snow away from fire hydrants located near your property. This effort helps the Fire Department and the Water Utility to manage the water supply system and to quickly respond to emergencies.

Thank you for your assistance in the success of our winter snow removal operations.

FIRE HYDRANT FLUSHING

The Saukville Water Department will be flushing hydrants throughout the Village between 8:00 a.m. and 2:30 p.m. **October 12th - October 15th & October 19th -**

October 22nd. There may be some discoloration in your water during this process. This is iron and is not harmful. We recommend that you do not do laundry if your water is discolored. If you forget and your clothes have a reddish appearance, **DO NOT DRY THE CLOTHES**; rather rewash in cold water to remove the discoloration. Running the tap for a short period of time will clear the lines after the flushing is complete.

WATER BILLS AND WATER LEAKS IN HOMES

Your water bills are determined by Saukville Water Utility staff reading your water meter. When your water bill becomes higher than normal, there is usually a leak in your home. 95% of all leaks are toilets and most times you cannot hear the leak. The toilet most likely to leak is the one rarely used. We recommend that you check your toilets every 6 months to make sure they are not leaking. Place a drop of natural food coloring in the tank - do not flush. Check it in 20 - 30 minutes. If color appears in the bowl, it is leaking water. You can also pick up a complimentary test kit at Village Hall. This is also a good time to operate all of your valves in your home and to start reading your meter weekly to make sure you have no leaks and that you are only billed for the water you use.

IT'S A TOILET, NOT A TRASHCAN—WHAT NOT TO FLUSH

There are only two things that can be safely flushed down the toilet - human waste and toilet paper. Any other item has the potential to clog up the system, regardless of how easily it appears to flush. Unfortunately, many of the items that often end up in the toilet can cause significant clogging problems, not only in your home's plumbing but also for the Village's sewer system and Wastewater Treatment Plant (WWTP) processes. Common items that are often flushed that **SHOULD NOT BE** are:

- Wet Wipes (baby wipes, disinfecting wipes, flushable wipes)
- Facial Tissue
- Feminine Hygiene Products
- Cotton Swabs
- Dental Floss
- Grease

Often these items do not even make it past the lateral connection from your home to the sewer system, building up and clogging the line. If these products make it to the street, they can still plug up and damage the pipes and pumps that convey sewage to the WWTP, potentially causing overflows and basement backups that can be costly to repair. If those products make it to the WWTP, they can also jam up equipment there.

NOTE: Pharmaceuticals and prescription drugs also should never be flushed down the toilet or thrown in the garbage. When put down the drain, pharmaceuticals can seep back into the drinking water supply. Treatment facilities are not designed to remove these contaminants. Local (Saukville P.D.) and County drop-off sites are available to safely dispose of unused/unwanted pharmaceuticals. Contact your local authorities for information and guidelines.

ADOPT A FIRE HYDRANT

Fire hydrants are often overlooked as requiring clearing of snow and ice. Hydrants protect YOUR property. Keeping them accessible will result in saving precious time crucial to firefighters responding to an incident. After extreme amounts of snow, the Utility crews will clear the hydrants as time allows, but you can also help by clearing a hydrant near your home when you clear your driveway and sidewalk after a storm.

COLD WEATHER TIPS - PROTECT YOUR PLUMBING!

All it takes to freeze your pipes is a cold snap that drops the outside temperature below 20 degrees. When water freezes inside a pipe, it creates a blockage that causes pressure to rise. The pressure builds up and the pipe blows. Play it safe and follow some simple tips for keeping water pipes in your home warm and cozy:

- Wrap pipes with foam or fiberglass insulation.
- Seal openings in exterior walls where cold air can get to unprotected pipes.
- Disconnect garden hoses and place insulated covers over outdoor faucets. Better yet, install inside shut-off valves for outdoor faucets and drain water from pipes.
- Leave cabinet doors open to let warmer room air get to the pipes under kitchen and bath sinks.

UTILITY BILLING PAYMENT OPTION

The Village offers a credit card payment option for payment of utility bills. You can pay in person at Village Hall to utilize this service or use a secure link through the Village website (there is a charge for credit card service). Also available is **automatic withdrawal** from your checking or savings account. Your quarterly payment can be deducted automatically from your selected account on the 25th of the billing month. Go to www.village.saukville.wi.us to download the form to sign up for automatic payment. Avoid the hassle of writing checks and worrying about late fees by signing up for auto pay today!

SUMP PUMPS

Remember to check your sump pump and make sure it is hooked up correctly to the discharge lateral and **not** to the sanitary sewer system. Per Village Ordinance, it is illegal to hook-up or discharge storm or clear water into the Village's sanitary sewer lines. Since all discharges to the sanitary sewer end up at the treatment plant, this creates additional problems to properly process the wastewater for eventual discharge to the river.

Cross CONNECTION Inspections Continue

The Village's Cross Connection Inspection Program, managed by Hydro Corp Inc., will continue for 2015-2016. A cross connection is a direct or potential connection between any part of the public water supply system and a source of contamination or pollution, i.e.: garden hose, dish washer, toilets, pools, lawn sprinklers. This action is necessary in order to reduce overall costs for compliance with DNR Regulation NR810.15. Hydro Corp will be contacting homeowners and businesses to arrange an inspection. There is no cost for this inspection. Each inspection takes less than 20 minutes on average for a home inspection and 45 minutes for a business.
