## 2015 Village Budget – Operating & Capital

## PWSB Loan Program

### Community Loan Programs

With the support of Port Washington State Bank, the communities of Cedarburg, Grafton, Port Washington, Saukville and Thiensville aim to revitalize their economies with new low-cost loans between \$5,000 and \$50,000 for new and existing businesses. The purpose of these loans is to encourage new investment in commercial properties and strengthen our communities by assisting with start-up and expansion costs.
