REVIEW A REQUEST FOR THE INSTALLATION OF A ROOF MOUNTED SOLAR ENERGY SYSTEM AT 632 WEST HOLLYBROOK LANE, SUBMITTED BY NATIONAL SOLAR SERVICES

The Board discussed the proposed location of the solar panels being in the front roof line. It was noted that the new design is much less obtrusive than the older larger solar panel systems. No aesthetic concerns were expressed.

Skelton stated that she supports the Solar Energy System; it shows that Saukville is a progressive environmentally friendly community.

Janus and Nowlen were both in support of the proposed System.

Janus/Prendergast made a motion to approve proposed Roof Mounted Solar Energy System subject to the final review and approval of the Building Inspector and all required permits are obtained and fees are paid. Motion carried.

OTHER MATTERS

None.

ADJOURNMENT

Prendergast/Janus made a motion to adjourn. Motion carried at 5:38 p.m.
